BUCKINGHAM LEASING

private asset finance

The standard in British asset finance.

Sophisticated capital structures for equipment, vehicles and facilities.

Discreet, decisive, delivered by the same brokers for twenty years.

★ AWARD-WINNING · BROKER OF THE YEAR 2025

WHY US

Why UK businesses choose Buckingham Leasing

Independent, whole-of-market and sector-specialist, with two decades of trusted lender relationships behind every proposal.

i. Whole-of-market access

More than forty UK funders, from specialist agricultural lenders to mainstream banks. One enquiry, the whole market working for you.

iii. Decisions in hours, not weeks

Approvals and payouts typically within one business day, through direct relationships with credit teams.

v. Independent and FCA authorised

Regulated by the Financial Conduct Authority. We answer to you, not to any single funder.

ii. Built around your season

Repayment profiles matched to harvest, subscription or trading cycles. Deferred starts and balloon structures where they make sense.

iv. Twenty years, same brokers

The people who structured your first deal still answer the phone. Relationships, not case numbers.

vi. Sector specialists

Agriculture, groundscape, construction and sport are what we do daily, not verticals on a brochure.

Every mainstream asset finance product, under one roof

Structured to your cash flow, your year end and your plans for the asset. We recommend a route in plain English before anything is signed.

OWNERSHIP

Hire Purchase

Own the asset outright at the end of a fixed-term agreement. The classic route to ownership, from one to seven years.

FLEXIBILITY

Finance Lease

Use the asset for its working life with predictable rentals, then purchase, sell on or continue leasing at term end.

REPLACEMENT CYCLES

Operating Lease

Lower payments over shorter terms, return the asset at term end. Ideal for planned, structured renewal.

WORKING CAPITAL

Business Loan

Unsecured or secured lending for growth and working capital, with fixed monthly repayments over an agreed term.

RELEASE EQUITY

Sale & HP Back

Release the capital tied up in equipment you already own, and keep using it while the funds work elsewhere.

RESTRUCTURE

Refinance & VAT Funding

Restructure existing agreements to ease cash flow, or spread quarterly VAT bills so capital stays in the business.

“Keeping businesses moving.”

A simple four-step process

how

01

Get in touch
